

## AGE-OLD TRADITIONAL FOOD PROCESSING

### DRYING (DEHYDRATION) ONE OF THE OLDEST METHODS OF INDIAN'S PRESERVING FOOD.

Dedicated to the passion to feed the World by Dehydrated – Fruits, Vegetables and Ready-to-Cook Products. The Golden Farm Solutions - Aims to facilitate the FARMER to safeguard his produce by one of the oldest methods of preserving food thru our innovative **Hybrid Solar Food Dryer (HSFD)**. In this dehydrating process, **only moisture is Removed** but the flavour, nutrients, Fibre and Vitamins will stay behind. Such De-hydrated Fruit & Vegetables are **100% Natural**, comes without any additives, preservative or artificial flavours, **will have longer shelf-life**, can be stored in the form of Flakes / Powder and these products being used by most popular food brands in food preparations, flavourings, smoothness, Chutneys, pickles, dips, curry powder, sauces, ketchups, instant mixes, drinks, cosmetic formulation etc., has become highly popular among the Urban/Rural civilians, military forcess & abroad as well.

### Why Our Dehydrated Vegetables, Fruits & Ready-to-Cook Products ?
